

# André Malraux Newsletter

November-December 2023

*A new year is drawing to a close, and another will be starting very soon.*

*This newsletter is also an opportunity to shine a light on the partnership between teachers and families, as seen here through the Telethon, kamishibai, end-of-year festivities and other projects. The quality of this partnership continues to be central to our approach to the school.*

*We'd like to take this opportunity to wish you all the very best for the end of the year!*

# End of Year Show

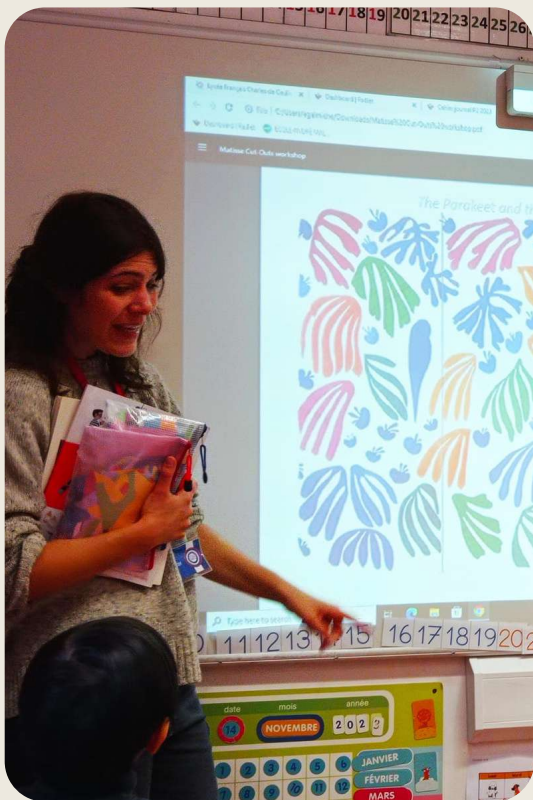

*The school's "amicale" helped the children receive a top-class end-of-year show. The troupe of actors brought many smiles to our pupils' faces with their production of a great classic of English literature: *The Wind in the Willows*.*

# South Ken Kid's Festival

*As part of the South Ken Kid's Festival, two authors of children's books came to André Malraux. The maternelle pupils spent some time with Robert Sae-Heng and Joséphine Seblon, who showed them some of their creative methods.*

*These special moments make you want to read and be creative too!*

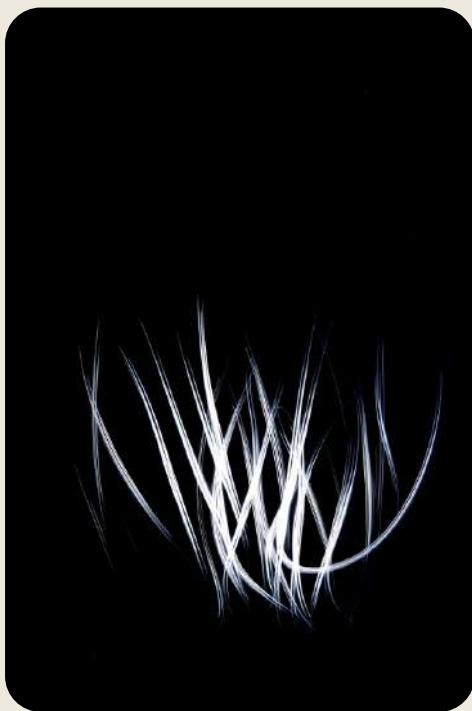

*For the telethon, parents, adults and pupils got together for a show of solidarity. The challenge was a bit crazy, but it was met with flying colours. On two elliptical bikes, for 24 hours, we pedalled a distance equivalent to the distance between London and Marseille. We also raised nearly 2,000 euros for research on genetic diseases. A fine sign of the collective strength of the André Malraux school*

*Students from the photography club led by Cendrine present their work from the first half of the year. Well done!*

*You can look at all the pictures on the [school blog](https://www.lyceefrançais.org.uk).*

# End of year meal

*The canteen staff pulled out all the stops to ensure that all the children had a special time. It was a great success! Many thanks to them.*

# Kamishibai

*Kamishibai, which means 'paper theatre', is a Japanese storytelling technique using images presented in a wooden theatre (butai).*

*Two of our classes are taking part in this wonderful project, which brings together several AEFE schools across Europe. The Ce1 class has already invited three parents to come and tell stories to the pupils to highlight the cultures of our families. So far, the focus has been on China, Japan, Morocco, Italy, Mexico and Peru.*

# School Choirs

*The choirs from the Maternelles and CP-CE1 classes put on a show for all to enjoy.*

*It was a great way to celebrate the end of the year together.*

# Santa Claus

*The last school day of the year was an opportunity to welcome a guest of honour and share a snack together.*

# Laurence is leaving

*Her departure came as a bit of a surprise to everyone. Laurence, the school secretary, on Fridays, has been working at the André Malraux school since 2019.*

*This is the start of another project for her, and like the Malraux school, it's an international one. Laurence is preparing to move to Dubai.*

*We'd like to thank her for her commitment to our school and wish her all the best for the future!*
